Re: Sizing Information for Athletic Gear

**Dear Student Athlete,**

**Below is a list of the general issue items. In an effort to coordinate quickly and effectively, please put your requested size beside the appropriate item. We will do our best to give you your requested size.**

**Please e-mail the information back to me ASAP.**

**Just a reminder:**

All general and sport-specific uniforms / equipment that are issued to the student-athlete by the equipment staff remain property of Drexel University and will therefore be returned during the scheduled collection period. For some items, this may be at the conclusion of the program's traditional playing season, while for other items it may be just prior to the end of the academic year. Failure to return any of the issued items will result in the student-athlete being billed at a replacement cost.

Each item issued will be distinctly marked when assigned to a student-athlete. The student-athlete to whom the item is issued will be responsible for it. When items are returned, the individual who was assigned the item (not necessarily who turned it in) will receive credit. All items are to be worn for their intended purpose only and are not to be altered / modified in any way. Each student-athlete will be held responsible and accountable for all Game and Practice Issued Items.

Item	Size:
Sweat shirt/sweat pants same size	
T-Shirt	
Shorts	
Compression Shorts	
Compression Shirt
